In a few words and image...

Thanks to our dear clients and partners, **we continue to propose our ranges of safety cabinets for the storage of dangerous products** but also to assert ourselves as one of the leaders in the ductless fume hoods market. Our continuous research and development allow us to propose a variety of fume hoods in accordance with the strictest standards.

We have broaden our know-how by developing our ranges towards new markets focused on new technologies while staying loyal to our profession: Ensure the safety of goods and peoples. We are talking here about our newest range of security cabinets for **Lithium-ion** battery, a material used more and more in our day-to-day life but more dangerous that it seems.

ECOSAFE IS:

We have focused our research and development program by respecting the following three values:

✓ **MANUFACTURE IN COMPLIANCE WITH CURRENT AND STANDARDS:**

EN 14470-2 | EN 14470-1 | NFX 15-211 | EN 15154-1 | EN 15154-2

✓ **A MANUFACTURING KNOW-HOW**

✓ **COST EFFICIENCY AND OPTIMIZATION ALLOWING TO OFFER COMPETITIVE RATES**

ECOSAFE IS ALSO:

A **technical support** and on the ground sales support to assist our distributors and evaluate the **users needs by emphasizing optimal safety.**

An efficient logistic solution **to guarantee delivery** and setting up when needed.
On time, at the right place, **in good condition.**

The distribution of ECOSAFE products ranges is guaranteed by a network of specialized local and **international resellers/partners** to advise and serve you to the best.

A continuous presence on **all the main professional** exhibitions in the World.

A whole team to serve you with **a dedicated sales contact** for each country.

440000
cabinets and fume hoods sold all around the World.

3500m²
of manufacturing for mastering accrued productivity and quality.

4000m²
of **centralized storage** to deliver rapidly all around the World.

1100
references of cabinets, fume hoods and safety products to answer to all the clients needs.
